Hospital List

Faye Chancellor - ICU - Faye coded Monday morning and is currently on ventilator. She was taken to ER Sunday evening because she had not been able to eat or drink or keep anything down for several days. Talked to John Chancellor Monday evening and he said that there had been some improvement but she needs our prayers.
Update - 2/12/2020 Faye has been moved to Coliseum ICU downtown. She is having swelling and they are giving her Lasix to control that. Her vitals have improved from yesterday. They are somewhat encouraged.
