Request from **Evelyn Trimble**: my friend **Mark Lloyd** left today for a trip to Uganda where he will be working until 8/13 with a CRU team translating the JESUS film into languages there. (CRU was formerly Campus Crusade for Christ). Mark and his wife Lori have a total of more than 75 years on Staff with CRU. Lori works on Headquarters Staff in Orlando and Mark heads up translation work for THE JESUS FILM PROJECT and darts around the globe frequently, organizing translation teams to make the film available to language groups who have never been able to view it. They send me awesome stories of the work God is doing through this film. I am especially interested in this project, since I was part of the Here's Life team here when we handled the premier of the film (locally) back in the 1980's. Since then it has been translated into languages around the globe and many, many people have come to Jesus through viewing it in their heart language.
