**About Woodfield Academy**

Every child deserves opportunities to thrive. Woodfield provides this for children with learning differences. These years are crucial to a child's development, not just as a student, but as a person and a member of society. Many students, particularly those who have been diagnosed with learning differences, can't get the education and attention they need in traditional schools. At Woodfield, we provide specific advantages that children with learning differences need to be successful:
